March

Lion (March comes in like a lion)

You will need

- 7 brown squares 
- 3 brown rectangles 
- 1 black square 
- 10 yellow squares 
- 18 yellow rectangles 

The number patterns are shown in yellow. This will allow the patterns to be printed out in black and white without showing any shading. Then any color could be suggested. It would also allow the patterns to be used as a coloring page. The smaller numbers may be easier due to fewer pieces and are less complex. However, we found that they easily broke apart and so the larger number patterns were created. **Any colors could be substituted.**

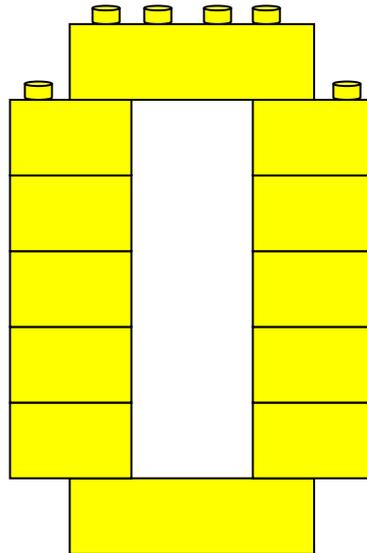

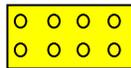

Zero

You will need

10 squares

2 rectangles

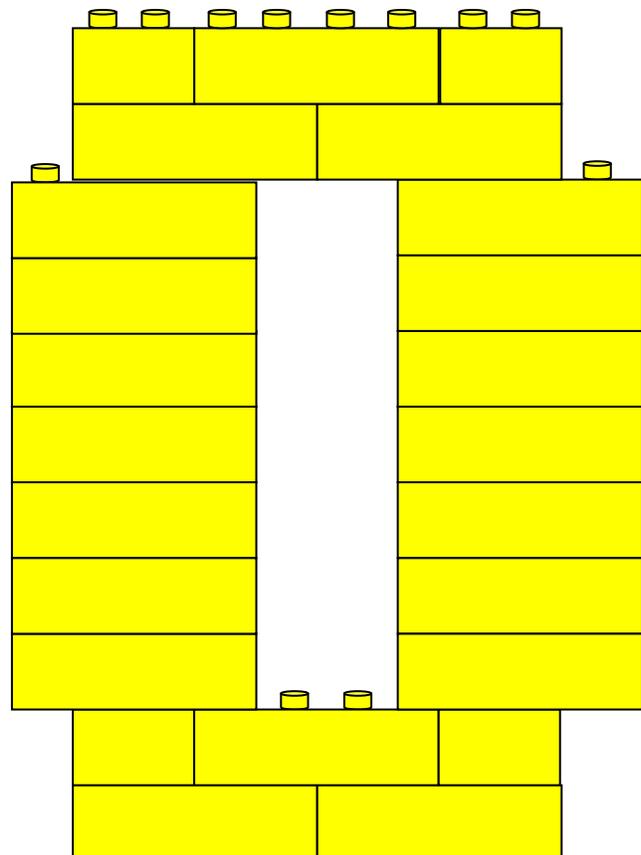

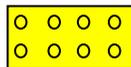

Zero

You will need

4 squares

18 rectangles

Capital Letters A-Z

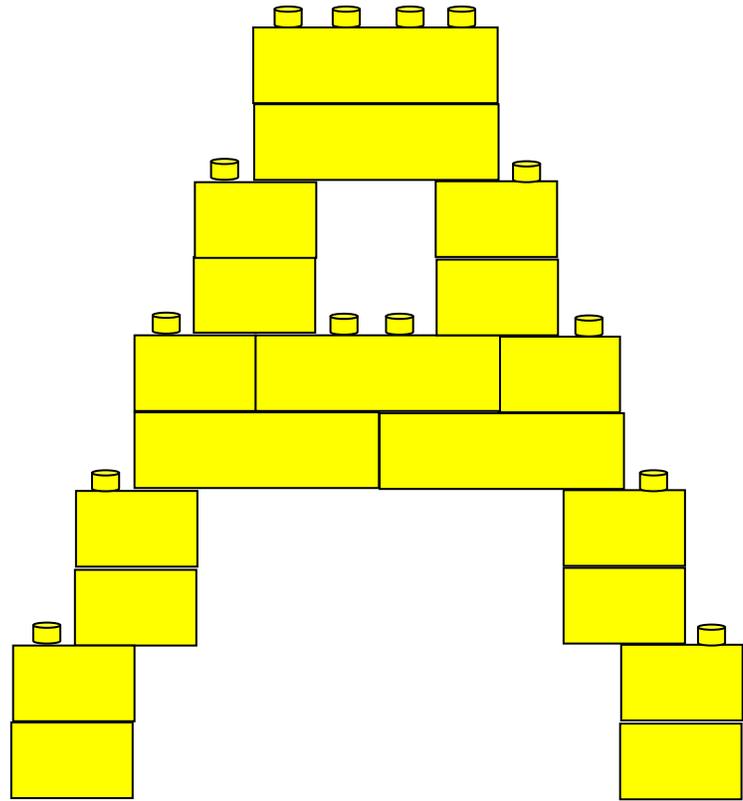

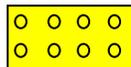

A

You will need

14 squares

5 rectangles
