

Directions: Print out page 2 in color or page 3 if you want to color it in.

Cut on the solid black lines to cut the flag into 7 strips.

Option 1: Mix up the 7 strips. Have the child glue the flag back together on paper with the 7 strips in the correct order.

Option 2: Make a mobile. Punch holes by the stars in each strips. Tie yarn through the hole and hang it from a dowel or clothes hanger to complete your patriotic mobile.
